

Correction/Rättelse

On page 154 in the previous issue of Entomologisk Tidskrift the proportions of one figure were distorted. The affected figure was Figure 1a in the article “Bergström, C. 2007 A new species of *Nilea* Robineau-Desvoidy (Diptera, Tachinidae) with notes on the genus and a key to the North European species”. Below the figure is correctly reproduced together with Figure 1c for comparison.

På sidan 154 i förra numret av Entomologisk Tidskrift var proportionerna på en figur förvanskade. Den berörde figuren var Figur 1a i artikeln “Bergström, C. 2007 A new species of *Nilea* Robineau-Desvoidy (Diptera, Tachinidae) with notes on the genus and a key to the North European species”. Nedan är figuren korrekt återgiven tillsammans med Figur 1c för jämförelse.

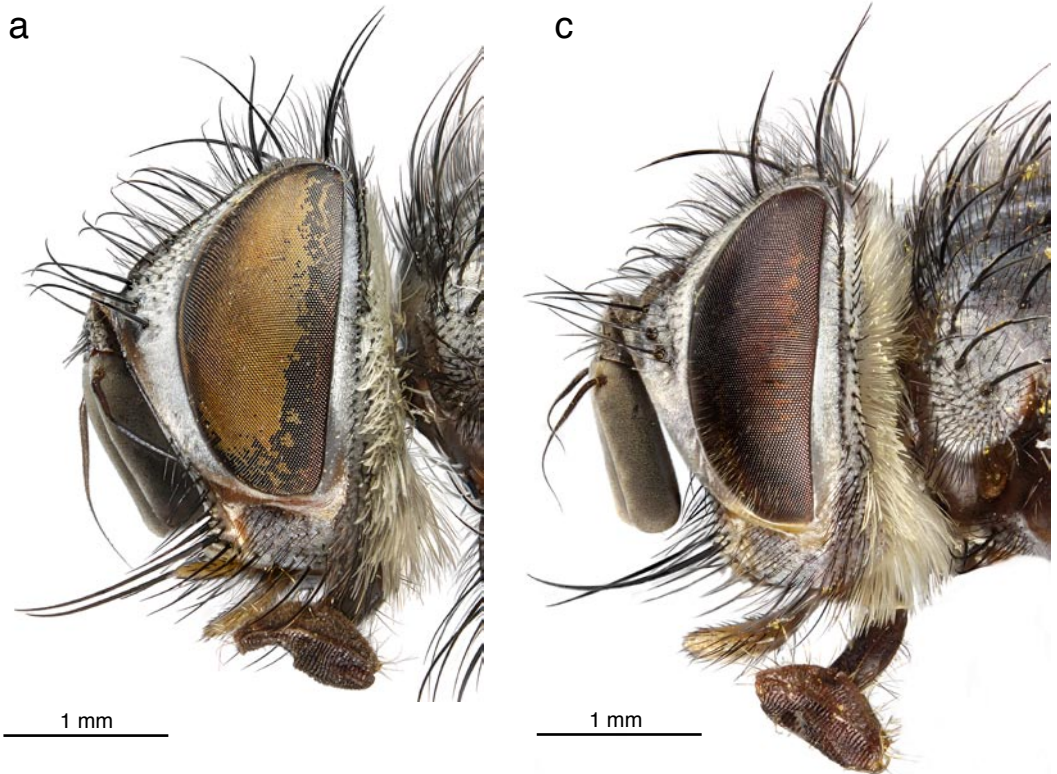

Figure 1. *Nilea* sp., head of ♂♂, lateral views.— a) *N. ambigua* n. sp., paratype. — c) *N. hortulana*.
